

# *Family Recipes*

*A collection of savory dishes  
spanning four generations*

Some of the recipes in this collection are passed down from one generation to another. Many were never really written and may be vague when it comes to exact amounts and times for cooking. An experienced cook will be comfortable using these recipes. The novice will also do fine and learn that most cooking is from the heart, the nose, the eyes, and taste.

These recipes are copied, with permission, from the [Cookbook Website](http://papillonbusinesssolutions.com/Cookbook/index.htm)
