Mr. Jack Traverso
V. Traverso Company
1050 Battery Street
San Francisco, California

Dear Jack:

In checking your warehouse today, a sad feeling, somewhat like that of going to a funeral, beset me. Memory reminds me of the important position in the wholesale grocery business which the V. Traverso Company has occupied for so many, many years.

Your cooperation with us, your consideration of us, can be measured no more than we can measure our appreciation for same; so our "thanks" appears to us to be most inadequate. We can better suffice to express our feelings in wishing you the finest of retirements and many happy, healthy years ahead for you and Mrs. Traverso.

Cordially,

R. J. Fisher
